## Flood Insurance Acknowledgement Form

Standard property policies including but not limited to homeowners, dwelling, residential condo associations, condominium unit owner, renters or commercial property insurance policies **exclude** coverage for flooding events. With average costs as high as \$20,000 to \$60,000 *per claim*, flood is an expensive loss to handle without the proper insurance coverage.

As your insurance agent, we strongly recommend that you purchase flood insurance and excess flood coverage if values exceed the maximum coverage available on the primary policy. It is possible that coverage as recommended below may not be available from the carriers we represent.

I, as the named insured, hereby acknowledge the acceptance, rejection, or unavailability of flood and excess flood coverage as indicated below. It will be conclusively presumed this election, rejection, and/or acknowledgement of unavailability will apply to all future renewals, continuations, changes, or replacements thereof.
