July 16, 2026

New Blue Star Family Plates Pre-Application

On July 15, 2026, Governor Maura Healey signed [S2903, An Act Honoring Blue Star Families](#), creating a new commemorative license plate. Under the new law, **the Blue Star Family Plate is available for one passenger plate at no cost to parents, children, siblings, grandchildren, or spouses of Massachusetts law enforcement officers killed in the line of duty.**

Although the plate is not yet available, we are encouraging eligible families to indicate their interest in getting the plate by pre-applying on the new [Blue Star Family License Plate page](#) on Mass.Gov/RMV. This will allow the RMV to:

- Plan for the number of plates we'll need to produce
- Proactively keep applicants informed with periodic updates on the status of plate development
- Reach out to applicants personally when we are closer to having the plate ready

If you receive any questions from customers about this plate, please direct them to the above webpage so they can pre-apply.
